When you arrive to the University of Tennessee Medical Center Complex stay in the far right lane.

The first building on your right is Medical Building D.

It is labeled and only viewed from the side of the building facing Alcoa highway.

Stay in right lane and turn right, staying in far right lane. Follow the down ramp that is labeled, "Day Surgery". This level of the parking garage is G2. Park as close to the Alcoa highway side (West) of the building. The elevator is circled in the above map.

If the G2 level is full, park in level G1 (left) or G3 (right) as you exit the G2 level.

Take the elevator to the 3rd floor. Suite 370 is at the end of the hallway.

Parking fees are \$2.00 as you leave the complex.
